Where & How is Benjamin

Saying Goodbye

Benjamin is doing well. He is adjusting to staying in the States (in our 5th wheel). :) While out of the States, Sis Phyllis Turnage & Chad asked him to stay with them. Such an ANSWER TO SPECIFIC PRAYER that Passa T & I had been praying! He loves going to Victory Temple, playing the drums there & having Bro. Jacob Smith as his Pastor.

He is currently working for Walmart in their Sporting Goods dept. He also works for "Favors" and was doing well with them, until things were closed down, due to Covid19. He is awaiting being hired as a Machinist. "Corona" has halted that.

We miss him terribly, being with us, but are so very thankful how the Lord is working in his life!

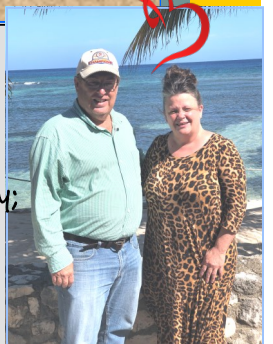

When the Lord told Paul he would "appear before Caesar", he never spoke HOW. That 'journey' of God's providential will, would carry him through many obstacles: beaten, imprisoned, storm, shipwrecked, snake-bitten, and many other hardships. In doing the will of God, some tend to think, because of it being "the will of God", it is easy; Yet, it is the very opposite! Trial, opposition, set-back, frustration, & discouragement are but a few examples of what is faced.

As 2019 closed its door and this new year came, various challenges arose for both, Passa T & Sis. T. Each would face physical issues. Numerous tests, MRI's, CAT scans, procedures & specialists have been their path.

A bad fall on Dec. 19, 2019 in Jamaica resulted in extensive issues to Sis. T's right shoulder, elbow & finger & being right-handed made things challenging for her. The fall also caused additional problems to her already-damaged spine. She was scheduled for spine surgery, March 23, but due to Covid19, it has been postponed. While having MRI's, her doctor found a growth in her throat, as well as a torn ligament in her shoulder.

Passa T has had some colon abnormalities which has brought him to a specialist also. Things have been halted for him as well.

Please continue to remember both of them in prayer, as they continue to PRESS ON to the will of God.

Answered Prayer

A 20' fall through a roof, onto cement, landing on head & back. Fractured skull, brain bleed, brain bruising, back broken in 7 places: ICU 5 days. RELEASED on 7th day! WHAT A MIGHTY GOD! In church next day

THANK YOU FROM HIS HANDS EXTENDED CHILDRENS HOME

1st time ANY of them had a Christmas tree

CHRISTMAS

Thank You to those who have given & those who continue to support!
We could not have the Home if it WERE NOT FOR YOU!

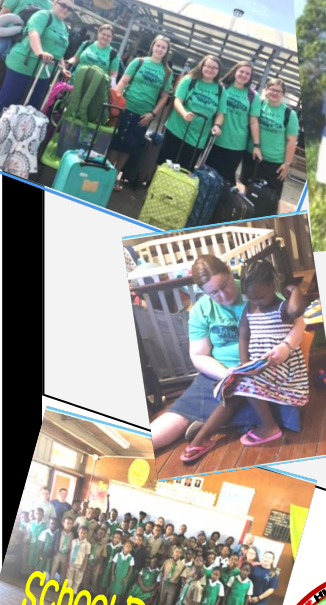

never-had Glow sticks

Youth Service

CHALLENGING TIMES! As with everyone, these have been such CRITICAL times! Covid19 has brought with it such devastation for many. Two days before the air travel ban was put in place, we felt we needed to returned to the States; we are thankful the Lord guided. The sacrifice of your giving, during these most trying times, has allowed us to continue paying the lease, utilities & purchase food items that are available for the Home. Jamaica receives most of their imports from China. That source has been cut off since mid-March. The "tourism dollar" has ceased. The island is in desperation! This time each of us have been given, let us SEEK THE LORD!

DESIRING TO BE... His Hands Extended ?
